Hagen, 12.03.2020

Dear Madame and Sirs,

At Kabel Premium Pulp & Paper GmbH we have taken action to secure deliveries to our customers. The Corona-virus is not impacting the supply of the company regarding raw materials, chemicals, spare parts, packaging materials etc. We do not receive any raw materials from the more heavily impacted areas like China, South-Korea, Iran, North Italy.

Also at the moment we are not having any problems regarding regressiv delivery capacity. The internal actions related to hygiene and other areas in the company are done according to the rules set out by the Robert-Koch-Institute. We are working in close cooperation with the local health authorities. All these actions are taken in order to secure the heath of our people and their families, our customers and to secure deliveries to you, our customers.

We are recommending our customers to order as early as possible and to keep enough stock in your storage, should the situation change.

We will also keep You informed, should further actions be necessary.

Kind Regards
